## Global HeARTwarming Program

### *Always in Bloom*

*A CITYarts environmental design and mural project in the Upper West Side, Manhattan*

#### **What:**

CITYarts is in the third year of an art project in the public community garden on West 84<sup>th</sup> Street and Amsterdam Ave. We will continue to work in collaboration with Urban Assembly School for Green Careers and the local community. In the first 2-years, garden elements were reproduced, three picnic tables were installed and designed, and a Mosaic Peace Pond was created. This third year, CITYarts plans to continue the mosaic and paint the first mural on the garden wall, in addition to some of the structures in the garden. This project is funded in part by the Manhattan Community Award from the Manhattan Borough President's Office.
